SUSPECT TREE INFORMATION

Host species		
Host location		
GPS coordinates*		
Symptoms	<p>What symptoms have been observed?</p> <p><input type="checkbox"/> Gumming <input type="checkbox"/> Frass</p> <p><input type="checkbox"/> Staining <input type="checkbox"/> Sugar exudate</p> <p>Where are symptoms located on the tree?</p>	<p>What size are the entry/ exit-holes? How many have been observed?</p>

*optional

SUSPECT TREE PHOTOGRAPHS

Please send several photographs of the suspect tree and its symptoms. Include photos of **1)** the trunk or symptomatic branches, **2)** the symptoms, **3)** the entry/exit hole, with a ballpoint pen for scale (remove gumming or exudate if necessary). If dieback is observed, include a picture of the entire tree.
Attach the image files to your email or include them with this form in a ZIP file.

Email this form and the photographs to the
 Eskalen Lab, UC Riverside at eskalenlab@gmail.com.

It is the policy of the University of California (UC) and the UC Division of Agriculture & Natural Resources not to engage in discrimination against or harassment of any person in any of its programs or activities (Complete nondiscrimination policy statement can be found at <http://ucanr.edu/sites/anrstaff/files/187680.pdf>). Inquiries regarding ANR's nondiscrimination policies may be directed to Linda Marie Manton, Affirmative Action Contact, University of California, Agriculture and Natural Resources, 2801 Second Street, Davis, CA 95618, (530) 750-1318.
